TFA CAREER CONNECT:

Getting Started Guide
Alumni Employers

Welcome to TFA Career Connect, our virtual platform that connects corps members and alumni to each other and opportunities.

To Set Up Your TFA Career Connect Account (Alumni Employers & Recruiters):

1. Navigate to **www.teachforamerica.org**
2. Select **Log In** in the upper right-hand corner
3. Sign in using the email address and password associated with your teachforamerica.org account
4. Once logged in, you will be taken to **My Dashboard**
5. From My Dashboard, click **Explore TFA Career Connect** and follow the on-screen prompts to complete your account setup.

As both an alum and an employer, you only need one TFA Career Connect account. When logged in as an alum, you can access employer features and post jobs directly.

Please note: Only one email address can be associated with your account at a time. Changing your email address will update your primary contact information across Teach For America. Future communications from your alum region and the national team will be sent to this updated email address.
